Buy-Back Policy

Picture ID is REQUIRED for all buy-backs. The book buy-back policy is the most effective way the bookstore can help students save money on textbooks. Buy-back gives students an opportunity to recycle unwanted textbooks for cash, as well as provide students in future semesters with more used books as an alternative to more expensive new books.

The bookstore will buy back current editions of textbooks at any time during the year, at national wholesale pricing. The wholesaler determines their wholesale price based on national demand. Wholesale pricing is usually 0%-30% of the publisher’s list price for that book.

Regular buy-back sessions are held at the end of Fall Semester, and at the end of Spring Semester. Specific dates will be posted around campus and on our website. If a signed textbook adoption has been submitted to the bookstore, and the bookstore needs the book, students will receive 50% of the amount paid for the book. (Not all books will be bought back for 50%). If a signed textbook adoption has not been submitted to the bookstore by the buy-back dates, students will receive wholesale pricing. If the quantity of books requested for the upcoming semester have been bought back, students will receive wholesale pricing.
Merchandise

The bookstore carries general office supplies, computer ink cartridges and supplies, as well as art supplies. The bookstore also carries imprinted cups, mugs, key chains, folders, binders, paper products and stickers. LCSC insignia clothing ranges from T-shirts to hooded sweatshirts and jackets. Computer software and peripherals can be purchased at discount prices through the store website at efollett.com (http://www.efollett.com).
