E-mail: cpdean@lcsc.edu
Office: SGC 211
Phone: 208-792-2282
FAX: 208-792-2444
Web: <http://www.lcsc.edu/cp>

Community Programs has a component of the institution's three-part role and mission. The primary function of Community Programs is the quality delivery of outreach programs and services to customers and communities who cannot participate in traditional campus offerings. To provide the broad array of desired outreach programs and services, Community Programs collaborates and partners with organizations on and off campus through e-Learning Services (<http://www.lcsc.edu/e-learning>), Continuing Education & Community Events (<http://www.lcsc.edu/ce>), Center for Arts & History (<http://www.lcsc.edu/cah>), Small Business Development Center (<http://www.lcsc.edu/sbdc>), Kids' College (<http://www.lcsc.edu/kids-college>), and the Outreach Centers in Coeur d'Alene (<http://www.lcsc.edu/coeur-dalene>), Grangeville (<http://www.lcsc.edu/grangeville-outreach>) and Orofino (<http://www.lcsc.edu/orofino-outreach>).

Kids' College

Kids' College offers a roster of fun and educational summer programming in art exploration, culture, music, science, computers, language, and recreation for kids ages 6-15 and is administered by the Community Programs office. Scholarships are available.

Outreach Centers

The programs and services provided through LCSC's regional Outreach Centers are administered by the Dean for Community Programs. The Outreach Centers facilitate testing for online classes and placement tests, offer non-credit classes, and serve as the initial point of contact between the communities and LCSC.

Each of the following centers has essentially the same programs and services available. Contact the specific center in your area for details.

Orofino Outreach Center
