Overview

The Institute of Intensive English (IIE) specializes in preparing international students for studying at a US college or university. Students enroll full-time in IIE in order to improve English proficiency.

IIE employs highly qualified, professional teachers to provide coursework and interactions aimed at improving students' English language skills, academically, professionally, and in everyday experiences.

For students on an F-1 visa, enrollment in IIE requires students to study a minimum of 24 hours of classes per week. IIE students enjoy the advantage of small class sizes (an average of 7, maximum of 15 students per class).

The levels of Intermediate, Advanced, and Bridge are semester-long: Spring, Summer, and Fall. IIE also provides specialized programs for English improvement that vary in length.

Students are tested upon arrival. Students are placed into a level and coursework begins. Textbooks are loaned to the IIE students for most classes. Each student is required to pay a book deposit which is refunded when the student leaves the program and returns the books. In addition to coursework, IIE also offers cultural, social, and recreational activities for the students.

All IIE students have the option of living with an American host family or on-campus, in residence halls. IIE students pay LCSC fees and receive all the benefits of LCSC students on- and off-campus, including access to the library, computer labs, activity center, and the Student Union. IIE students can participate in all LCSC student activities offered through LCSC student clubs and organizations.

Policy and Procedures

IIE policies about attendance, student behavior, tuition, and fees are published in the IIE student handbook and are available from the International Programs Office. The IIE student handbook is distributed to all IIE students at the beginning of each semester. It is also available on the LCSC website at: <http://www.lcsc.edu/english-language-program/student-resources/>.

Health Insurance

Lewis-Clark State College requires all international students who are enrolled in 1 or more credits, to have health insurance coverage.

Plans which meet LCSC's requirements are listed at <http://www.lcsc.edu/international/>

REQUIREMENTS:

- Coverage must be active as of the first day of the semester.
- The insurance company must meet the U.S. State Department's requirements for J-1 visa holders and have a claims office located in the U.S.
